

### **SAMSUNG HL-T5676S.**

Its 0.8"-thin piano-black bezel and hidden speaker system lets you enjoy more screen and less frame; the slim depth lets the 56" DLP® HDTV fit where others won't.

Enjoy the crisp definition and bright imagery of SAMSUNG's Cinema Smooth™ 1080p light engine; a phenomenal 10,000:1 dynamic contrast ratio delivers the full range of vivid colors, bright whites, deep blacks and nuanced tones.

SRS TruSurround XT™ audio fills the room with clear, robust sound. Fast, 16 micro-second switching speed virtually eliminates motion blur; game mode optimizes performance so gamers will marvel at the life-like action.

Full digital

With its new slimmer design, your options on where to place your SAMSUNG DLP HDTV have become much broader.
